Hegel's Metaphysics and the Philosophy of Politics

This view has few adherents. In this sense, we are witnessing within another mode, the type of progression seen in the movement in Phenomenology from shapes of consciousness to shapes of spirit. In the 1960s the German philosopher Klaus Hartmann developed what was termed a non-metaphysical interpretation of Hegel which, together with the work of Dieter Henrich and others, played an important role in the revival of interest in Hegel in academic philosophy in the second half of the century.

Georg Wilhelm Friedrich Hegel (Stanford Encyclopedia of Philosophy)

His theory of punishment is widely characterized as retributivist and it is easy to see why.

Georg Wilhelm Friedrich Hegel (Stanford Encyclopedia of Philosophy)

Thus, Hegel looks to the law for the ethical principles that can be used to continually reform our legal system into the complete whole it aspires to be. Even though that, as a whole, the political philosophy of Hegel does make much of a logical sense, it nevertheless cannot be considered 100% discursively legitimate. Interestingly, Hegel sees market relations in modern society as a foundation for the acquisition by free individuals of social identities including social solidarity.

Earlier commentators, particularly in the aftermath of the Second World War, believed that Hegel defends a state eager to wage war. For Frege, thoughts are not mental, rather they are abstract entities like numbers, so the problem facing us is not how to go from mental contents to the concrete world, it is how to go from abstract to concrete ones. In contrast with Kant, Hegel seems to go beyond a transcendental deduction of the formal conditions of experience and thought and to a deduction of their material conditions.

These last subdivisions are further subdivided into triads, with fourth level subdivisions occurring under Civil Society and the State. In all of this Hegel appears to be providing a philosophical account of modern developments both in terms of the tensions and conflicts that are new to modernity as well as in the progressive movements of reform found under the influence of Napoleon. The defect of this level, however, is that the subject is only for itself, i.
