I'm also reading Gerald Bray's Augustine on the Christian Life.

**Augustine for Armchair Theologians**

But if you want a quick overview of his life and spiritual growth, without getting bogged down in theological discussion, this is a friendly little book.

**Augustine for Armchair Theologians: Stephen A. Cooper: 9780664223724**

Whether or not he was wise or just fortunate to find a place where he could live comfortably enough to write at length as he was wont to do, the rest of us have a lot of writings, some of which this book hints at, that have dramatically influenced all of us, regardless of our feelings about Augustine or the church that he loyally, if belatedly, served. Evil, he thought, came from an evil matter from the dark world acting upon the divine imprisoned within him. Furthermore, he claims that evil is not separate, or in competition, with the force of good, rather evil is parasitic on good.

**Augustine for Armchair Theologians Lib/E (Armchair Theologians Series Lib/E): Cooper, Stephen a, Vance, Simon: 9798200487622: styleguide.expo.io: Books**

Book Review: Augustine for Armchair Theologians by Stephen A. He interprets what Augustine meant by many of his more complex passages. True to its moniker, this entry in the Armchair series makes accessible the life and works of, arguably, the most influential Christian thinker of all.

**styleguide.expo.io: Augustine for Armchair Theologians (Audible Audio Edition): Stephen A. Cooper, Simon Vance, styleguide.expo.io: Audible Audiobooks**

I found the biographical details very interesting, and I think the book gives a good overall understanding of Augustine's spiritual and theological experiences, conversions and beliefs.

**Book review: Augustine for Armchair Theologians**

I'm an author, historical Jesus scholar, book reviewer, and liberal Christian, which means I appreciate and attempt to exercise the humanitarian teachings of Jesus without getting hung up on any particular supernatural or religious beliefs.

### **Augustine For Armchair Theologians Summary**

It is perhaps a sign of marked wisdom that he chose the church rather than continuing to seek political advancement in a world where the rapid and serious changes in rulers and their policies as Rome collapsed could have easily led him to fall victim to purges and shifts in policy. I avidly read all thought-provoking religion titles. Many Romans had blamed the Christians for this tragedy, so he wrote the City of God to refute these claims.
