Reports should be submitted to the relevant body which often is the electoral management body, government auditing agency or electoral enforcement agency.

## IMF AND EGYPT FREQUENTLY ASKED QUESTIONS

Experts from various countries such as electoral management body EMB officials, academics or independent observers also assisted researchers in finding relevant information.

### Egypt

For example, if a country does not use public funding of political parties, it is very unlikely that this is stated in legislation it will be the result of an absence of rules regarding such funding.

### Public finance in Egypt (1984 edition)

Egypt also is a Partner for Cooperation with the Organization for Security and Cooperation in Europe, an observer to the Organization of American States, a partner in the NATO Mediterranean Dialogue, and a non-party state to the International Criminal Court. Ways of calculating how public funding should be provided could be: either equally to all eligible political parties, or in proportion to, for example, seats or votes won. Revenues from the import tax also were tied to the volume of foreign exchange, especially to that of remittances.

### Classics in the Theory of Public Finance

Growth of GDP over the past five years, however, has been healthy. Throughout the 2020 update, 45 countries have been updated with 2019 datasets, i.
