The Kindness of Strangers by Katrina Kittle

This failure is particularly glaring when you consider that Williams didn't actually grow up on a vast plantation somewhere in the Deep South, but in urban, industrial St. I guess we need more Nate's in the world to convince us we have enough to give, I honestly don't know how to rate this book because I loved it so much yet disturbed all at the same time. I don't know, but I can't argue against it.

The Kindness of Strangers by Katrina Kittle

His grandfather was a minister, and lived well into Williams' years of fame, living with him in his home in Key west. By the time two German cargo ships docked at the Langelinie Pier in Copenhagen harbor on Wednesday, September 29, newly arrived Gestapo and other German police were prepared to carry out detailed raids on Jewish homes. Kittle makes vivid descriptions to place clear images in your mind but it's never too much too take attention away.

The Kindness of Strangers by Katrina Kittle

After working at a sexual assault crisis hotline for 3+ years, however, I'm sort of inclined to think that because silence surrounding child victims is almost as significant a form of oppression as the abuse itself, that we'd all do well to make ourselves feel nauseated by this reality sometimes and truly--you will feel ill.

The Kindness of Strangers by Katrina Kittle

This well written and thoroughly researched biography is an overwhelmingly compassionate look at the life of Tennessee Williams, arguably America's greatest playwright. This novel deals not with finding out who did it, but how each person connected to their family deals with the news. However, the day comes when Sarah realizes she never truly knew her best friend at all.

The Kindness Of Strangers

Kittle writes from Dayton where she also teaches middle school theater and English.

The Kindness of Strangers by Katrina Kittle

He permitted the Danes to keep their government and king, and to fly their own flag. There is the suffering and disruption of the First World War and the suffering and agony after it, which is described with such intimacy and vividness that you endure these terrible years with the author.

The Kindness of Strangers by Katrina Kittle

The writing is fairly simple; moments of raw emotion few, but powerful. I loved the way the author captured the emotions of the characters--the story was told through three rotating points of view--and I was so I'm still feeling conflicted over this book--it was a really hard subject matter pedophiles, child sex abuse and was full of terrible language in large quantities, but it was such an interesting look at a struggling family who worked through some really tough challenges and was even able to embrace another child to help him work through his trials. Sarah Laden, a recent widow struggling to now raise two boys entirely on her own, has her world turned upside down when a shocking secret is discovered about her long-time friends, the Kendrick family.
