Madmen and Specialists: A Play

Narrative across Media: The Languages of Storytelling. The formulae for historical narrative and autobiography do not apply, as onomastic identity, in these special cases, is not at the same time a functional identity. His research interests include narrative theory, computational narratology and digital humanities.

Zeitdeckende Erzählung

Beiträge zu einer historischen Narratologie. In fiction in English and in the Romance languages one finds a fair number of works tailored along these lines.
