### **Ill fares the land : migrants and migratory labor in the United States (Book, 1976) [styleguide.expo.io]**

Individual property lines were coincident with, or parallel to, survey lines, and this rectangularity generally carried over into the geometry of fields and fences or into the townsites later superimposed upon the basic rural survey. The most famous were the houses of prostitution found in mining camps. That this act shall not apply to diplomatic and other officers of the Chinese Government traveling upon the business of that government, whose credentials shall be taken as equivalent to the certificate in this act mentioned, and shall exempt them and their body and household servants from the provisions of this act as to other Chinese persons.
