Nevertheless its orders cannot be obeyed at once.

Sigmund Freud Biography

The ego therefore is under continual pressure from the id.

The Life and Work of Sigmund Freud: The last phase, 1919

Other major thinkers have contributed work that grew out of Freud's legacy, while others developed out of opposition to his ideas. Freud also established a new monthly periodical, Central Journal for Psychoanalysis, that was jointly edited by Adler and Stekel. Freud's atheism was not shaken by personal tragedy, though he experienced plenty of it.

Sigmund Freud

. My little hysteria, though greatly accentuated by my work, has resolved itself a bit further.

The Life, Work, and Theories of Sigmund Freud

Sigmund found moving house very distressing and it is claimed that for the rest of his life train journeys made him anxious. Indeed, he had little desire that these associates should be persons of strong individuality, that they should be critical and ambitious collaborators.
