Existential Crisis Quotes (64 quotes)

I hope you are smiling! I appreciated the insights that others shared in their comments.

Death in Kristin Lavransdatter

Whist this is extremely positive, urgent and fundamental change is required if the many issues facing humanity are to be overcome and a new way of living set in motion. Wise people willingly submit to this order.

Where Do You Go When You Die? The Increasing Signs That Human Consciousness Remains After Death

His admired aristocrats physically resembled their ancestors, who were painted and written about by great artists, and they lived lives free of the need to earn a living. The recognition that humanity is one is crucial in bringing about the needed transformation in consciousness; sharing flows quite naturally from the acknowledgment of this fact and by its expression encourages a shift in attitudes away from the individual towards the group, thus strengthening social cohesion and unity.

Literature and Crisis

This is a desert, but it is beautiful. And yet, it is not just the secular who create their own meaning.
