In the event of a dispute, the international element compounds the already complicated, lengthy and costly process of The conflict of laws, also called private international law, and its categories of contracts and torts concern disputes between individuals from different nations, whereas public international law governs relationships between states. It is applied to legal disputes that have a foreign element in them. Selected examples of vested rights include the right of a plaintiff to file a legal action; enforcing a statute of limitations; limitations on how much money can be won in a legal action; and particular burdens of evidence.
