The recognition of the necessity of an enlarged definition of the lender of last resort concept is thus necessary : an efficient lender of last resort is a central bank which takes action when faced with the emergence of systemic risk by lending liquidity and managing the crisis, which also takes into account the long-term effects of its emergency interventions and which applies a set of preventive measures including those of a prudent management incentive.

Economie politique de la démocratisation : une analyse en termes d'économie politique internationale appliquée à l'Amérique Latine depuis les années 1970

. Titel: Entretiens sur l'économie politique, ou éléments d'économie politique dégagée de ses abstractions. Mais la vue horizontale est bientôt accompagnée du procédé de survol des centres urbains pour appréhender la grandeur du paysage naturel et construit.
