The shaded box shows the area of the main map. The Atlas of Hawaii is an excellent and quick reference tool.

Mauna Loa Volcano, Big Island, Hawai'i

This trend is observed at four consecutive Kea trend volcanoes and indicates that this depleted component is characteristic of the Kea source and is a long-lived feature of the Hawaiian plume.

Volcanoes and Hawaii's Newspapers

Facsimile of the edition of 1888. Map modified from Wolfe and others 1997. Psidium cattleianum, locally known as purple guava, strawberry guava, or Brazilian guava is occasionally planted for its fruit.

the Hawaii geothermal project

Helens has erupted 22 times since May 18, 1980. In trials to assess their usefulness as rootstock material in wilt-infested plots, Chinese guava in particular was reported as being compatible with scions tests and of potential usefulness in combating the wilt disease. Information is preliminary and subject to change.

Volcanoes and Hawaii's Newspapers

It spews from the vent as lava flows, or shoots into the air as dense clouds of lava fragments.
