## Social networking service

For victims of doxxing and associated cyberthreats of physical violence, traditional law enforcement bodies offer scant protection, as these agencies are often ill-equipped or unmotivated to police the blurry boundary between virtual and physical harms.

## Social networking service

PDF from the original on December 24, 2010.

## Social networking service

The leader in this category is , creators of and , though it has suffered a decline. This difference is one of the reasons the online dating industry is seeing a massive decrease in revenue due to many users opting to use social networking services instead.

## Course Help Online

For a number of years, Prensky's 2001 dichotomy between and Digital Immigrants has been considered a relatively accurate representation of the ease with which people of a certain age range—in particular those born before and after 1980—use technology.
