The next year the Ottoman army recaptured it and took Mormori as a prisoner. Nothing is known of the settlement in the Byzantine era, until it is mentioned as Sopotos in 1258 when it was part of the that grew out of the failing Byzantine empire. The thing that makes Borsh very popular is its beach, which is the largest beach in Ionian sea 7 km

The tourism has begun to develop a lot thanks to village's beauty and thanks to its friendly people. Modern Borsh was built after that, but became seriously depopulated, first due to malaria, and following severe reprisal killings by Germans in WW2 however, depopulation was balanced by an influx of refugees from Vlora, fleeing into partisan territory from the city which was heavily contested until late in the war. Thus the north-west Greek-speaking tribes were at a half-way stageeconomically and politically, retaining the vigour of a tribal society andreaching out in a typically Greek manner towards a larger politicalorganization.
