Under Twain's mentorship during the summer of 1875, DeQuille pieced together a sizable volume which contained a mixture of technical chapters on silver mining interspersed with lighter accounts of Nevada events and individuals. In his later years neither party nor country entirely pleased Reed. On February 5, 1858, however, when its boilers blew near New Madrid many passengers were killed.

## Joseph Hopkins Twichell: Asylum Hill's Religious Leader and Mark Twain's Closest Friend

Tesla was a tall, slender man with peculiar habits, an oft-forgotten engineer and inventor; Twain, a man with a booming literary voice, was one of the best-known and best-loved of American authors. The tale of the man who was Mark Twain's friend, confidante, and confessor is long overdue. I often have smoking-parties at my house; but the people that come have always just taken the pledge.
