The Evolution of the Golf Club

The Planning and Zoning Commission will most likely make a decision whether to initiate the requested amendment before the meeting concludes and would then direct Town staff to initiate changes.

Sustainable Golf

The latest trends in woods are the use of titanium club heads combined with graphite shafts.

What You Need to Know About Golf Course Redevelopment

Altogether, this work is likely to take a year or more, and will inform any future discussions on whether to lift or amend the current conservation easement. SOS Denver wants the city to buy the property and turn the golf course, which has been closed since 2018, into a municipal park.
