information on market trends and development, drivers, capacities, technologies, and on the changing investment structure of the Global Quick-Frozen Food Market. And it could get much worse.

• Food retail in the United States

And tempting though it might be for markets to regard the cut as just the first in a general easing of rates throughout the developed world, don't count on it. Some, however, they still rank after the domestic brands in terms of store count. Japan, China, and emerging markets in Southeast Asia are among the fastest growing for c-stores.

Comparing Japanese & Chinese Cultures : Similarities and Differences

Although they remain far below those seen in the United States and Europe, new confirmed cases in Japan recently hit a record high. Along with this, there is a worldwide explosion in Japanese food, especially agricultural products in recent years. Here is a list of a few more important ones.
