John Calvin Rediscovered: The Impact of His Social and Economic Thought

Hence, Great Britain, heavily influenced by Calvinist thought and culture, and its glorification of the mere exertion of labor, came to develop a labor theory of value, while France and Italy, still influenced by Aristotelian and Thomist concepts, continued the Scholastic emphasis on the consumer and his subjective valuation as the source of economic value. One of the expressions of this conflict came over religious holidays, which Catholic countries enjoyed in abundance.

It also threw the responsibility for applying teachings on usury from the Church or state to the individual's conscience. What Is the Mises Daily The Mises Daily articles are short and relevant and written from the perspective of an unfettered free market and Austrian economics. But while in practice the two groups converged and the Scholastics, in discovering and elaborating upon exceptions to the usury ban, were theoretically more sophisticated and fruitful, Calvin's bold break with the formal ban was a liberating breakthrough in Western thought and practice.

John Calvin Rediscovered: The Impact of His Social and Economic Thought (Paperback, 2007) for sale online

What would you like to know about this product? But there is, especially in the later Puritans, the idea of success in one's calling as a visible sign of being a member of the elect.

John Calvin Rediscovered: The Impact of His Social and Economic Thought: Edward Dommen, James D. Bratt: 9780664232276

The Aristotelian balance, or golden mean, was considered a requisite of the good life, a life leading to happiness in keeping with the nature of man.
