## Atari 800

SERIES: How to Use Your Personal Computer Ser. InfoWorld : The Newspaper for the Microcomputing Community.

## Buchverzeichnis

Before the official sales launch, Telectron GmbH had already offered the US version of the Atari 800 with 8 KB RAM for 4200 DM in 1980. To distinguish it from the operating system of the later XL and XE models, the OS of the Atari 400 is often referred to as Oldrunner.

## Atlanta Public Schools / Home

You may have heard rumors that 20 million home computers have been sold. The reason for this is the memory-intensive diskette operating system DOS takes up a large part of the RAM in addition to the user's BASIC programme. InfoWorld : The Newspaper for the Microcomputing Community.

## Buchverzeichnis

I consider the year prior to kindergarten a critical year in preparing a child for school.
