## Hoag Urologic Oncology

Patients at the UCSF Urologic Surgical Oncology Clinic have access to some of the leading urologic cancer specialists in the country.

## Urologic Oncology (Cancer)

Medical Oncology UF medical oncologists offer advanced chemotherapy and targeted systemic treatments for patients with high-risk and advanced prostate, bladder, kidney and testis cancer, as well as treatment for less common urologic cancers such as adrenal, penile and urethral cancers. The journal periodically publishes supplement issues devoted to areas of current interest to the urologic oncology community.

## Types of Urologic Cancer

These organs include the bladder, kidneys, prostate, penis and testicles. Our faculty are fellowship trained in urologic oncology and have been consistently ranked among the top prostate cancer practitioners in the United States.

## Division of Urology and Urologic Oncology

The chances of surviving prostate cancer are greatly improved with early detection and treatment.

## Pt Care: Urologic Oncology: Our Team

Benefits to authors We also provide many author benefits, such as free PDFs, a liberal copyright policy, special discounts on Elsevier publications and much more.
