### The Fed

Major assignments include conducting fieldwork, handing in periodic field notes journals, and a final paper assignment that weaves together field data with course readings.

### History and Policy

In 1987 Solow was awarded the Nobel Economics Prize. Although now largely underappreciated in left-leaning western nations, he has become the chief economist for nations recovering from communism and looking to move in a free market direction. We will also investigate how legal and cultural factors complicate decision-making around these topics.
