#### Linden

Exploring craft's relationship to fine arts and design, Koplos and Metcalf foster a critical understanding of the field and help explain craft's place in contemporary culture. He also discusses working with

shop-sawn veneers, the technique of fitting curved doors, and the problems of accuracy and mistakes. In The Impractical Cabinetmaker, first published in 1979, we take a look inside Krenov's workshop and learn some of his techniques as well as some of his own thoughts about his work.

### The Impractical Cabinetmaker

And by having access to our ebooks online or by storing it on your computer, you have convenient answers with The Impractical Cabinetmaker. If within 30 days of purchase you are not satisfied for any reason, you may return your purchase for a full refund excluding postage.

### The Impractical Cabinet Maker

Good: A book that has been read but is in good condition. Learn as you go along. Author, James Krenov The Impractical Cabinetmaker, by James Krenov, is an ode to his enduring legacy as an extraordinary craftsman.
