### Mesothelioma and asbestos

D of this preamble and chapter III of the REA. These final PELs are the same as proposed and the same as OSHA's asbestos exposure limits. See citations under working paper version above.

# Engelmann Papers, Missouri Botanical Garden

Exposure to asbestos has been associated with lung cancer, mesothelioma, and other cancers, as well as asbestosis and other nonmalignant respiratory diseases.

## Federal:: Asbestos Exposure Limit

Bulletin on risk assessment: Risk assessment as an aid to dam safety management. Many of the letters include descriptions of local and national politics.
