Therapeutic approaches to counselling trans and gender diverse clients during the 2017 Australian Marriage Law Postal Survey: A qualitative study of the effects of stigma » PACJA

Thus, we may be undone through the loss of a close friend, just as we may be undone through acts of phobic violence. This prioritization, for Butler, reflects a heterosexual bias. And this is where personal psychopathologies begin.

## Gender dysphoria

What do they call themselves, how do they dress, what do they refer to themselves as? In this way, she traps MTF transsexuals with a double-bind: Either MTFs take up traditional sex roles and are thereby sexist or else they eschew these traditional sex roles and are thereby sexist See Califia 1997, 102, 104—5; Serano 2007, 49.

### Mixed

Why is transgenderism an issue all of a sudden? The effect was devastating and could lead to a return to concealment, isolation and poor mental health. Some people with the disorder request sex-change surgery.

# Gender Dysphoria

What it means is that some people experience SSA in such a manner that it is predominant compared to opposite-sex attraction, and such that it is strong and durable and persistent.
