Me, Myself & I

If the assassin does succeed in hitting his target, despite the indeterminism, can be be held responsible? Nor does the mirror-character of selfhood mean that authentic selfhood could not and must not reside in critically developing and realizing one's ownmost potential discovered in the shining-back from the world, albeit that this potential could only be realized in a world shared with others in a definite historical time with its own temporal atmosphere, which implies essentially also that the others must in some way or other also estimate these abilities. Insofar, Hegelian dialectic and Heideggerian phenomenology are not at loggerheads. The third leg is very brief and consists of only two steps.

The dialectic of selfhood

Being opposites, they cannot partake in each other at all; they contradict each other.

Patrick Gray

Doty, The Review of English Studies 70. This ritual—combining aggression, incorporation, negation and individuation—provides a new kind of anchoring point for the definition of identity.
