Griechisch und Deutsch von G. These coins were not, be it said, up to the standard of the magnificent Greek coins of Bactria, unsurpassed by any in the ancient world, but they were well up to the average standard of contemporary Hellenistic coins in Western Asia, and they show that there were local coin engravers of ability capable of carrying on the art from generation to generation. The Buddhist Art of Gandhara (The story of the early school: Its birth, growth and decline)

The common speech of the people was an Indian Prakrit, but the script they used for the writing of this vernacular was not, as might have been expected, the current Brahmi of Northern India but a script known as Kharoshthi-a modified form of the Aramaic of Western Asia, which had been adopted for official use throughout the Persian Empire during Achaemenid times. The most important subjects on the North gate are: the Seven Manushi Buddhas upper and middle architrave, front , Shaddanta-Jatāka upper architrave at the back , the temptation of Mara middle architrave at the back and the Vessantara Jataka on the lower architrave, front and back.

The general attitude and rendering of the dress however remain. These latter are symbols of the three foundations of Buddhism the wheel centered with a lotus represents the doctrine dharma; the trident stands for the master; and the srivatsa is a shieldlike symbol for the community, the sangha. He was also active at the other Buddhist centres of Sanchi and Sarnath.
