It is in fact a misunderstanding that Usul al-Shashi is an early text. In fact, it is an eighth century text authored by a scholar who likely passed away in the first half of the seven hundreds. We are trying to find some way to increase the size of the text at the moment.

So, in reality, Usul al-Shashi is not the earliest text in usul in the madhhab, not by far. Below is a working list of uṣūl works in the Ḥanafī madhhab. It is quite possible that some lesser commentaries are left out for the sake of brevity.

The list is still very rough and we appreciate any help that readers of the site can provide to further populate the list.
